**123** PETS ADOPTED IN JANUARY  
THANKS TO YOUR SUPPORT!

## Bideawee Pets of NY: Elwood

*-From his Adopter, Jenny*

"I had been looking for a cat for a few months on and off. I really didn't want to force anything, and I felt like the right cat would find me at some point. The only thing I knew for sure was that I wanted a cat that loved people. When I visited Bideawee, I spoke with an adoption associate who began listing off some options and she mentioned that a cat named Raphael was super nice, but that he had special needs. It turns out that Raphael had a rare skin condition that made his fur look scraggly and that he had a very special beauty regime to keep him looking and feeling his best."

## The Big Decision

*-Leslie Granger, President & CEO*

People often ask me how I can resist bringing home all the adorable dogs cats, kittens and puppies I am surrounded by every day. I respond with my practiced answer, "I know that each and every one of them will get a loving, forever home because of the work we do at Bideawee".

I have successfully resisted bringing any more pets into my family since the summer of 2010 when I adopted Hairy and Maximus, two kittens I fell in love with during my first six months at Bideawee. It's been a nine year stretch of no more pets! But it hasn't been easy.

### Free Love this Month at Bideawee

With Valentine's Day right around the corner, we're all about cultivating and celebrating love this month! And we don't mean to boast but we have a pretty great matchmaking record! We'll help you meet the four-legged love of your life, AND we'll be waiving the adoption fee on all animals six months and older this month. Fall in love this February by visiting Bideawee's Manhattan or Westhampton Adoption Centers.

### National Pet Dental Health Month

February is National Pet Dental Health Month and Bideawee is celebrating by giving you \$50 off a dental cleaning for your pet at our Westhampton Animal Hospital. Keeping your pet's teeth and mouth healthy is important for multiple reasons. While we often associate a lack of pet dental care with bad breath, poor dental hygiene can lead to serious conditions that can even cause organ damage. Caring for your pets' teeth on regular basis can

keep them healthy and save you loads of money in the future. Make your appointment at our Animal Hospital today by calling 631.325.0280.

### **Pick of the Litter, Maddie**

*-Adriana Aguirre, Adoption Associate*

Maddie is a four-year-old sweetheart who currently resides at our Westhampton location. She is super playful and loves to cuddle. Bashful at first, but tender-hearted, Maddie can be counted upon to be ever so loving with her trusted friends. A true lady at first, Maddie must be wooed and won over, but once you have her heart, rest assured, she will give you all of it. She will be your little shadow and the most loyal and loving friend you could ever ask for! You can expect 16 pounds of pure love and faithfulness for life! If she sounds perfect for you, then please ask about Maddie today.
